

STRIP STORYBOARD CRTANI FILM

The "Strip Storyboard crtani film" workshop is designed for young people from Bratunac and Srebrenica who want to explore the world of drawing and animation. Under the guidance of experienced artist Berin Tuzlić, participants will have the opportunity to learn the basics of creating comics and storyboards, and how to translate those elements into a cartoon.

Through this workshop, the youth will master techniques for drawing characters and scenes, and how to develop a story through images. Special attention will be given to understanding dynamics and visual storytelling, which will help them turn their ideas into interesting and animated stories.
